No. FIACTBH19V1.0

Product image for reference

1. Identify all components are present prior to installaion.
2. Fit the waste body (3) and rubber washer (2) into the basin.
3. Fit the sealing washer (4) underneath the basin as shown in the diagram, then secure by tightening the backnut (5).
Use silicone sealant where necessary.
4. Fit the stay (1) to the basin.
5. Check all joints and connections for leaks.

Aftercare:

The end user is required to regularly maintain and clean product using warm soapy water and a soft cloth for the product warranty to be valid.

Surfaces should be maintained using a clean damp cloth, no corrosive and abrasive agents or materials should be used or come into contact with the surface finish, as this will invalidate your product warranty.
