INSTALLATION PROCEDURE

1. Loosen screws on shower riser rail brackets, remove fixing inserts, mark installation position, then secure fixing inserts to wall with self-tapping screws.

2. Install shower riser rail onto fixing inserts and secure with grub screws.

3. Wrap threads of shower outlet with PTFE tape, then install onto pre-embedded pipe in wall.

4. Finally, connect shower hose and shower handset, then place shower handset on holder.

Aftercare:

The end user is required to regularly maintain and clean product using warm soapy water and a soft cloth for the product warranty to be valid.

Surfaces should be maintained using a clean damp cloth, no corrosive and abrasive agents or materials should be used or come into contact with the surface finish, as this will invalidate your product warranty.
